You have purchased a share in the Space Van Race, brought to you by The Greater Periscope Orchestra.

Space is full of the unknown. However, our van will create a nodule of comfort, from where the aspirations of sixties hippiedom will beam down a footprint of enlightenment, every ninety minutes.

Previously, The GPO brought you the 444FM radio broadcast of earthy, open source conversation and song making. Now through radio inversion, the earlier Celtic Missions will fuel the Space Mission Station with Mixes of Space and Earth. Our new Celtic Mission to launch a camper van into orbit needs to generate your support through its Promotional Launch Parties in order to pitch the Space Van Launch to the establishments represented right.

INSTRUCTIONS - Thank you for taking part in the Holiday Event at Duende Studios. Your perforated van is below. Please decorate as you wish and then place your van in orbit or on the GPO tree. Write your name and contact information on the van and a title if you want. Each entry is worth one share in the pitch to launch the Van and will influence the final decoration.

FURTHER SUPPORT - If you should choose to further support the Space Van Race please contact one of the organizations below and pledge your support for the Van directly to them. Also if you are in contact with any of the Superstar DJs please suggest they play our Official Launch Party where the Van will be launched into orbit.
